

Dear Supplier Partner,

Please note that the contents of this communication are strictly confidential and should only be shared with those in your organisation who have a need to know of the information. The contents of this communication must not be disclosed to third parties without the prior written consent of Jaguar Land Rover Limited.

Jaguar Land Rover would like to remind the Supplier that supply of the Goods shall at all times remain pursuant to the Production Purchasing Global Terms and Conditions (“PPGTCs”), and the Supplier remains responsible for Supply of the Goods strictly in accordance with such terms. As such, any request by Jaguar Land Rover for the Supplier to confirm that they are ready for Brexit is made for information purposes only, and is not, and shall not be considered as, a waiver or amendment to the PPGTCs, or the Supplier’s responsibilities thereunder.

On 31st January 2020, the UK left the EU and entered a transition period lasting until 31st December 2020. During this transition, all EU rules and regulations continue to apply to the UK. Following this, if no trade agreement “deal” has been made, the UK and the EU will be treated as separate territories for customs purposes and all trade will be completed under World Trade Organisation terms. In this scenario, from 31<sup>st</sup> December 2020 all parties moving goods across the UK/EU border will need to file appropriate customs declarations and follow the required processes. Jaguar Land Rover expects all of its suppliers to have prepared for such an eventuality and requires suppliers to confirm they have done so.

**Completion of this confirmation is mandatory.**

**We require this information to be completed by Tuesday 1<sup>st</sup> December 2020.**

[Confirm now](#)

Why do Jaguar Land Rover ask for this information?

**Jaguar Land Rover expects all suppliers to complete this mandatory process.**

The Incoterms laid out in the contract of supply already agreed between Jaguar Land Rover and the Supplier, explicitly define customs responsibility.
